RE: Permit Transfer Finalization, Barneys Canyon Mine
M/035/009, Salt Lake County Utah

Further to your letter of December 16 on the above subject, thank you for bringing to my attention that the transfer has not been completed. Enclosed is a legal description of the disturbed area as at 12/31/89 and confirmation that the total disturbed area was approximately 444.1 acres, including area reclaimed by hydroseeding.

We trust this new information will now complete the requirements for Transfer of ownership of Barneys Canyon Mine from Kennecott Exploration (Australia) Ltd. to Kennecott Corporation.

Yours sincerely,

D. I. Hodson
General Manager
